B.J.A. SUMMER COURSES, 1958

<i>Date</i>	<i>Place</i>	<i>Instructor</i>	<i>Fee</i>
June 7th - 14th	BISHAM ABBEY	C. Palmer (4th Dan)	£8 10 0d.
	(Open only to men of 6th Kyu grade or over)		
July 5th - 12th	LILLESHELL HALL	G. Gleeson (4th Dan)	£8 10 0d.
	(Open only to men of 5th Kyu grade or under)		
July 26th - Aug. 2nd	LILLESHELL HALL	G. Gleeson (4th Dan)	£8 10 0d.
	(Open only to men of 4th Kyu grade or over)		
Aug. 16th - 23rd	HULL UNIVERSITY	D. Bloss (4th Dan)	£10 0 0d.
	(Open only to men and women of 5th Kyu grade or under)		
Aug. 23rd - 30th	HULL UNIVERSITY	D. Bloss (4th Dan)	£10 0 0d.
	(Open only to men and women of 4th Kyu grade or over)		

The full fee should accompany any applications. Cheques, postal orders, etc., should be crossed and made payable to the British Judo Association. Application forms are obtainable from :-

F. W. PEARSON, *Courses Secretary*,
56 High Street, Erith, Kent.

THIS MONTHS COVER

Just a few of the boys of Croydon Junior Dojo putting in extra practice in preparation for displays to be given around the neighbourhood during the coming summer. Croydon District Judo Society now have over 70 youngsters of both sexes under 16 years of age.

JUDO GI REPAIR SERVICE

We can undertake the repair of jackets and trousers expertly done at a reasonable price. Give your old outfit another lease of life thereby providing yourself with a spare.

Send your garments LAUNDERED, and we will quote a price by return of post.

This issue sees the commencement of our new publishing date of the first of every month. We have already been assured that this will be more acceptable to our readers and the trade alike, but any comments would be appreciated.

A letter appears in our correspondence columns objecting to some of the clauses regarding the new grading syllabus for Juniors. We consider the points raised are of considerable importance if we are not to lose the enthusiasm of our present youngsters, and we sincerely trust the B.J.A. will give the matter their sympathetic consideration. A very large number of "under-sixteens" are affected.

Two or three times recently we have been blamed for non-attention to correspondence—which subsequently appeared to have been addressed to 32, North Street, Clapham, S.W.4. Will all readers please note that whilst we work in co-operation with the B.J.A. as regards the Judo movement, we have no connections whatsoever with their trading activities. Our *only* address for goods and correspondence is 91, Wellesley Road, Croydon, as our office at 1, Westminster Palace Gardens, Artillery Row, Victoria Street, London, S.W.1, is used for administrative and publicity work only. There is no guarantee that correspondence sent to any but these two latter addresses will reach us.

The Principles and Practice of First Aid

D. Mann, D.O., M.R.O.

MY experience of over 21 years as a Judoka, and the same time as a qualified Osteopath, has taught me that serious accidents occur in Judo decidedly less frequent than in many other sports normally considered safer. However, minor accidents occur from time to time and we will deal with these first. First-Aid, like Judo, is far better administered if we know just what we are trying to do, and why.

The most frequent are bruises, strains and sprains. When bruises occur, the small blood vessels (chiefly the capillaries) are broken so that the blood flows into the tissue. Normally the blood does not come into direct contact with most of the body cells; only the lymph (the watery part of the blood, which diffuses through the capillary walls) comes into direct contact with the body cells.

The escaped red blood corpuscles soon die and become discoloured giving the bruised area its characteristic "black and blue" appearance. The fading of the bruise is brought about by the white corpuscles gradually removing the dead red ones.

When we come to the question of hot versus cold compresses, it will be easy to see what to do by the following. For some time after the bruising, usually four or five hours, the injured blood vessels will continue to bleed into the tissues, thus increasing the fluid pressure, therefore the pain and inflammation, so the logical treatment is to use cold water to cut down the circulation to the affected part.

When the blood vessels have stopped bleeding, we come to stage two, the removal of dead cells and the repair of the injured tissues. This is carried out by the blood, so we now have the problem of how to increase the circulation, which can be done by gentle massage and movement, and the application of hot compresses. Alternatively, three minutes' soaking in hot water, followed by one minute in cold water repeated a couple of times, finishing with cold water.

In the case of strains, which implies overstraining of the tissues of the muscles or joint ligaments, we get diffusion of blood into the tissues, with or without external bleeding. The application of hot and cold compresses, in the same way as for bruises, should be carried out. The strained part should be rested for a few hours, and the following day gentle movement of the affected part should be started and gradually increased until the injured part feels normal. Care should be taken to avoid further overstraining of the injured tissues until they have recovered, as a second injury, before the first has healed, is nearly always far worse than the original.

Sprains differ from strains in as much as the tissues have been torn, and there is always some degree of internal bleeding indicated by discoloration. Again the application of hot and cold compresses, in

(Continued on page 8)

The Fifth National Judo Tournament 1958

Entries are invited for the 1958 Tournament from members of any club recognised by the Organising Committee. This includes clubs which are members of the British Judo Association or affiliated to or associated with the Budokwai, London Judo Society or Police Athletic Association.

As usual the Tournament will consist of two separate competitions as follows:—

A. GOLDBERG-VASS MEMORIAL TROPHY

Open to Black Belt holders

B. GOLDBERG-VASS MEMORIAL SHIELD

Open to Brown and Blue Belt holders

The Tournament will take place on **SATURDAY, 29th MARCH, 1958**

Preliminary Rounds

At London Judo Society from 2 p.m.

Semi-finals and Finals

Black Belts: At the Royal Albert Hall.

Blue and Brown Belts: Finals only at the Royal Albert Hall

Programme commences at 7.30 p.m.

As usual prizes will be awarded to all finalists

Entry forms available from: **LONDON JUDO SOCIETY**
32 St. Oswald's Place, London, S.E.11

UNIVERSITY NEWS

British Universities Judo Association

A. Sweeney

Before submitting the following report we would like to take this opportunity to express our indebtedness to Colin Forrester, who has, for more than a year, fostered a spirit of activity and interest in University Judo, by his tireless correspondence and research. In his column he has established a firm basis for starting our Association; and this fruit of his solo efforts illustrates the potential strength of an organisation designed to unite the work of all student Judoka.

Report on Inaugural Meeting

On Sunday, January 5th, at 2.30 p.m., the Inaugural Meeting began, at the Birmingham University Union, with a proposal for the formation of the above Association by Mr. A. Robinson (Bristol U.J.C.); this was seconded by Mr. R. Heywood (Birmingham U.J.C.), and carried unanimously.

Mr. Erich Moss (Hon. Secretary of the host University) took the chair for this meeting and began by welcoming his guests: Mr. Ken Knott (Chairman of M.J.A.), representing the British Judo Association, and Mr. Watson, representing the Universities Athletic Union.

AGENDA

1. In working through number one item on the agenda, the constitution, as proposed by Mr. Sweeney and ratified by the British Judo Association Technical Board, was modified as follows:—

Clause 3. Membership.

Membership was extended to Loughborough College as well as the British Universities Judo Clubs; but to preserve conformity with the U.A.U., colleges of similar status to Loughborough were not dealt with at this meeting.

Clause 5. Committee.

It was proposed by Mr. F. Davidson (Glasgow U.J.C.), seconded by Mr. Barnett (Manchester U.J.C.), and carried by a strong majority, that each region contributes one representative, instead of two, on to the B.U.J.A. Committee.

Clause 6. President and Vice-Presidents.

In support of a suggestion made by Mr. Watson (representing U.A.U.), it was decided that there be provision, in the constitution, for the election of more than one Hon. Vice-President, one of whom, together with the Hon. President, would be an ex-officio member of the Committee.

Clause 8. Power of Committee.

As a result of the alteration in Clause 5 above, the quorum, as given here, was reduced to four members (proposed Mr. Moss, seconded Mr. Lock, Cambridge U.J.C.), and carried unanimously.

Clause 18. Regional Associations.

Again as a result of the alteration in Clause 5, the Regional Associations now contribute one representative to the B.U.J.A. Committee.

With the above changes, the meeting accepted the constitution (proposed Mr. Sweeney, seconded Mr. Lock, and carried unanimously).

The meeting now dispersed for fifteen minutes while the representatives of the Regions were selected, the Regional Associations having been fixed as follows (Universities and Colleges marked with an asterisk have Judo clubs):—

I.—East & South East II.—South & South West III.—Midlands & Mid. West

- *1. Cambridge.
- *2. Imperial College.
- *3. Goldsmith's College.
- *4. King's College.
- *5. London University.
- *6. Reading.
- *7. University College.

- *1. Bristol.
- *2. Cardiff.
- 3. Exeter.
- *4. Southampton.
- *5. Swansea.

- 1. Aberystwith College.
- *2. Birmingham.
- 3. Leicester.
- *4. Loughborough.
- *5. Nottingham.
- 6. North Staffs.
- *7. Oxford.

IV.—North & North West

- 1. Bangor.
- 2. Hull.
- *3. Leeds.
- *4. Liverpool.
- *5. Manchester.
- *6. Sheffield.

V.—Scotland & Queen's, Belfast

- *1. Aberdeen.
- *2. Belfast.
- 3. Durham.
- *4. Edinburgh.
- *5. Glasgow.

2. The election of the officers of the Committee took place as number two item of the agenda, after the acceptance of the following Regional representatives:—

- I.—Mr. A. Chambers (Cambridge).
- II.—Mr. M. Hannam (S'hampton).
- III.—Mr. R. Heywood (Birmingham).
- IV.—Mr. M. Cook (Liverpool).
- V.—Miss A. Mack.

Chairman: Mr. Barry Williams (Leeds U.J.C.).

Hon. Secretary: Mr. Tony Sweeney (Bristol U.J.C.).

Hon. Treasurer: Mr. Frank Davidson (Glasgow U.J.C.).

3. Under the topic of finance came the pleasing announcement from Mr. Moss that, with a Treasurer elected, we were now eligible to the £50 gift generously credited to us by the B.J.A. Quoting Mr. S. H. Wollam, Mr. Sweeney then informed the meeting that, provided B.U.J.A. had a complete membership by the end of the year, then next year's subscription may possibly be a block payment.

It was decided by a strong majority vote that travel expenses for club representatives attending B.U.J.A. meetings were to be met by the clubs themselves.

4. (i) Under special business Mr. Watson kindly gave a few words on the U.A.U. organisation, making special mention of their valuable contacts, internationally. He also informed the meeting that when certain national student organisations (of golfers and of cyclists) had outgrown their administrative powers, the U.A.U. had, in these cases, managed to secure their survival by taking on the running of these associations.

(ii) Regional Associations.

Travel and strength were the factors determining the grouping of Universities into Regional Associations, and in most cases these fell into place quite easily. In the absence of representatives from London University, number one Regional Association is probably without its full complement of colleges. The regional representatives have been instructed to contact the clubs within their regions but, as they are still without many of the addresses, a communication on your part would be most welcome in getting things going.

(iii) Competitions.

It was unanimously agreed that the B.U.J.A. organise the inter-University championships this spring term, with the finals and semi-finals taking place in the Easter vacation.

(iv) Vacation Instruction Courses.

The value of long vacation instruction courses was upheld by all attending the meeting, and in preparation for the next item on the agenda, our lady Judoka were warmly invited to these.

(v) University Judo for Ladies.

Many unquestionably valid advantages were put to the strengthening of University Judo for ladies and no one seriously disputed the contention of Miss Pat Mucklow (Bristol U.J.C.) that ladies' Judo was generally neglected; suggestions for rectifying this state of affairs were lacking, however.

There being no other business Mr. Moss closed the meeting at six o'clock.

(Reprinted by kind permission of the German magazine "Judo und Selbstverteidigung.")

SINEK—EUROPEAN JUDO CHAMPION

The twenty-four year old Sinek from Kirchheim/Wurttemberg, has helped the German Judo Federation considerably by winning the 2nd Dan Championship.

The former supremacy of France and Holland has thus been broken. Holland had to content herself with three titles and France with two. England—the land of Judo tradition—also put herself among the leaders by her victory over Holland and the winning of two titles.

The results of the European Championships:—

- Light-weight : 1, Bonte (Holland); 2, Lample (France).
- Middle-weight : 1, Rigal (France); 2, Ersink (Holland).
- Heavy-weight : 1, Tempeston (Italy); 2, Nemer (France).
- 1st Dan : 1, Newman (England); 2, Nottola (France).
- 2nd Dan : 1, Sinek (Germany); 2, Petherbridge (England).
- 3rd Dan : 1, Outelet (Belgium); 2, Reiter (Germany).
- 4th Dan : 1, Geesink (Holland).
- Open Class : 1, Geesink (Holland); 2, Pariset (France).

In the team championships Germany was beaten 3:2 by Holland. Holland was then beaten in the final by Great Britain 2:1. Thus Great Britain became the Team Champions.

THE PRINCIPLES & PRACTISE OF FIRST AID (Continued on page 3)

the same way as the two previous examples, should be carried out, and a longer period of rest allowed for the torn tissues to be repaired. A minimum period of two or three weeks should elapse before attempting any further vigorous activity. It should be remembered that the tissues, especially the ligaments, will be weaker than normal for some weeks after full use has returned and are, therefore, subject to fresh injury more easily. A fresh injury is most likely to occur when the joint is at its full range of movement, and it is as well to protect the joint by a crepe bandage to limit this movement during the period of recovery.

Sprained or pulled muscles are repaired by fibre, which lacks the elasticity of the normal muscle fibres, so the after-treatment consists of gradually increasing the stretch of the muscle until it has regained its normal range of movement without discomfort.

Rubbing commercial castor-oil into the skin over the injured spot will help the re-absorption of excessive scar tissue. Prompt application of arnica ointment, or tincture of arnica, to any of the foregoing conditions will considerably ease the pain and hasten healing. It is also helpful to take arnica tablets internally, one every four hours (arnica 30). These can be obtained from a Homeopathic Chemist—Nelsons, of 73, Duke Street, London, W.1, will supply by post.

Joints and muscles are always more brittle when cold, so it is advisable to limber up, thereby warming the muscles and tissues, before practice.

All-Japan Students' Championships 1957

T. P. Leggett

These championships were held at Osaka in November and comparing them with the same championships which I saw four years ago I was amazed at the increase in Judo skill and contest ability. Most of the contests were 4th Dan, and some had been contestants in the all-Japan championships in the spring. It will not be long before the students sweep the board in the all-Japan championships also, as they used to when Judo was at its peak before the war.

Eight men were seeded, and these eight seeded men were the contestants in the quarter-finals. Among them was last year's champion, the tiny Yoneda from Tenri University in Nara. He holds the tip of one sleeve, and relies mainly on a remarkably agile Tsuru-komi-goshi, picking up his bigger opponents with ease. His height is 5 ft. 5 in. and he weighs some ten stone, though with his small hands and feet he looks even less. In the quarter-finals he drew with Tokuyama of Meiji University, and the present procedure in such cases where a decision cannot be reached, even after extension of the time, is to draw lots. Tokuyama won and went on into the semi-final.

The semi-finalists were Matsushita of Nihon University, Tokuyama of Meiji, Kaminaga of Meiji, and K. Watanabe of Chuo, all 4th Dans. Both the contests were draws, and after the drawing of lots again,

Matsushita and Kaminaga were left to fight out the finals. The finals are never decided by lots, but time is extended again and again until someone scores, or there is clear evidence for a superiority decision. With increasing exhaustion one of them generally gives an opportunity (though I do remember a case where after nearly 30 minutes the judges could not make up their minds, and "joint champions" were declared for that year).

I will give here a brief impression of each of the semi-finalists, as they showed in the championships. Tokuyama is the round thickset type, about 5 ft. 7 in. and weighing 12 stone odd. His best waza was a long drawing Seoi-nage, for which he often put his right knee on the ground in order to get in very low. He scored very spectacularly with this in two previous rounds. He is a persistent attacker, skilled at rushing the opponent and putting in long rallies.

K. Watanabe of Chuo is slimmer, about 5ft. 9 in., but the same weight. His Judo is most stylish, full of lightning surprise attacks, rapid changes of direction, feints and tricks. He has a wide repertoire, and exceptional speed and balance—once he escaped from a tangle by a sort of cart-wheel. Up to the semi-final he won his contests with Seoi-nage, Left Ashiguruma, Ko-uchi-gari (waza-ari) and O-uchi-gari (waza-ari, this last being against Koga, a real star from Tenri who this day just failed to come off).

Kaminaga was the best fighter. He goes after his opponents like a terrier after largish rats, and his attacking methods are well worked out. His first contest was won by Left Uchi-mata, delivered with force and precision, in the first half-minute. After that he had a succession of tough opponents, and after the first few attempts seemed to realise he would have difficulty throwing them cleanly. So instead he simply aimed at toppling them over with an O-uchi-gari or a Tai-otoshi and as they went down threw himself after them into an Upper Four Quarters holding. With this method he scored twice. In the quarter-finals he had more difficulty, as he could not make any impression with O-uchi-gari or his Left Tai-otoshi. Kaminaga is bigish for a Japanese, nearly 5 ft. 10 in. in height and weighing about 13 stone, and he amazed us all by suddenly putting in a lightning Yoko-sutemi, for which he scored a waza-ari. It is most unusual to score with Yoko-sutemi in high-grade contests. Kaminaga thus entered the finals with a trail of massacred reputations, and a good many of us thought he would win.

I had not seen Matsushita before; this student of just 22 is regarded as a most likely future champion of all Japan. (This year in the all-Japan championships he was beaten with difficulty by the champion Natsui, on a decision.) The papers, however, said he was injured and out of form, and so it proved. His first contest he won on a superiority decision, several times toppling the other man over. In the second contest we saw his best throw, a Haraigoshi which picks the other man almost to shoulder height. He is about 5 ft. 9 in. and the same weight as Kaminaga; he does not seem to use great force in his throws, but they look irresistible once he comes in for them. However, his Harai-

goshi is now so famous that he has difficulty in finding opportunities; the opponents are braced away from the threat of it from the very beginning, and so he is now turning more and more to other techniques for his points, taking advantage of the fact that most of his opponents lean to the left away from the dreaded Right Harai-goshi. So we saw him score with Tsurikomi-ashi on the left, and he did not even attempt the main throw again, until the very end of the championships.

In the finals Kaminaga met his match. He made most of the running, changing the grip, trying in various ways to start a favourable rally. But he dared not throw himself in as he can do with lesser opponents; several times when he went too far Matsushita whirled him over and he only saved himself with difficulty. The time was extended, and extended again and yet again. In about the eighteenth minute, Matsushita brought out his Harai-goshi for the first time, very fast and very accurately. It caught Kaminaga perfectly (an unusual thing in the finals of a championship, where the throws are nearly always a scramble), and he made a tremendous circle through the air. The picture shows Kaminaga about to come to earth. Matsushita was champion again, after a year's gap.

Matsushita is impressive. No one every really looked like throwing him, and having seen him in practice on later occasions I have seen how good his throwing technique is. He keeps a very upright posture all the time. His build is more like a European than some of the others, and it may be that this kind of Judo which depends on fast, accurate and straightforward throws, utilising length of leg, such as Harai-goshi, Hiza-guruma, Hane-goshi and Uchimata, will be ultimately developed in Europe in distinction to the feinting style characteristic of the best traditional Japanese stylists.

AREA NEWS

NORTH EASTERN SECTION

T. Downs

On Saturday the 7th and Sunday the 8th December, an area course was held at **Knaresboro** under Geoff Gleeson. How many attended on the Saturday I am unable to say, but on Sunday morning 45 were practising, and a nicely-balanced number of all grades attended. It was a horrible day, but they came just the same, from clubs as far afield as **Middlesboro**, **Goole** and **Todmorden**.

After the course an area meeting was held. Among the business discussed were applications from schools for either tuition or help in forming clubs. Unfortunately, the applicants are situated too far away from clubs to obtain any assistance regularly from an instructor. A promise to do what we can for them was made, and it was left in the hands of the Secretary.

Notice of a course to be held at **Hull University** was given which will be run by the C.C.P.R. The first week will be 5th Kyu's and under (August 16th-23rd) and the second 4th Kyu's and over (August 23rd-30th). The fee is £10 per place and it is hoped to have D. Bloss as instructor.

As we intend taking full advantage of the B.J.A.'s offer of assistance, we are hoarding as many courses as funds will permit. Here is our programme for the first four months:—

Course at **Doncaster** in January.

„ **Huddersfield** in February.

„ **Leeds** in March.

The next area grading will also be held in March. Details of the above fixtures will be sent to club secretaries in good time.

Anyone wishing to visit Tam McDermott's club may find the Dojo address useful:—

Kawamurakwai, 410, Askew Road, Gateshead.

Askew Road area I know quite well, as I lived in Vine Street until I was 15. I wonder how far 408 is from the Redheugh?

Last week I collected from Mr. J. Kilner, the Managing Director of Lion Fireworks Ltd., of Lepton, Huddersfield, the challenge cup which he promised the area some time since. I took it to the area meeting with me to the delight of all who saw it, and we decided to hold the area championships in the **Bradford Y.M.C.A.** on February 22nd. Tickets will be 2s. 6d. each, and there will only be 300, so it will be first come first served. A tea will be laid on at 2s. per head, and there will also be a buffet.

Teams will be up to and including 1st Kyu, three men and one reserve, the team to be submitted in fighting order, which will be adhered to. All entries and names to be in the Secretary's hands by February 1st.

The Y.M.C.A. at Bradford were most noble and generous when asked about the cost of using their premises for this show. Their answer was "Please donate what you can afford." This is most heartening, as this is the area's first attempt at staging a show.

What we require most up here, and perhaps in other areas where very few clubs have sufficient mat area to hold a course or mass grading, is a good-sized portable mat which could be sent to the town where a course is to be

held, and a suitable building hired for the duration of the course. This sounds fine and grand, but where is the money coming from to provide these mats?

If it is true that the B.J.A. are considering building a national dojo (I repeat, if it is true), why not spend the money on these mats for the areas, instead of building a dojo that only a small percentage of Judoka would benefit by, especially us up North?

Regarding the visit of Leeds University Judo Club to Huddersfield Judo Club, their non-arrival was due to some of their members being sick, and when Mr. Williams endeavoured to bring some of their number in his car, it unfortunately broke down before he reached them. Hard luck, Leeds University! We are still looking forward to a visit from you.

MIDLAND SECTION

J. D. Lowe

Those Judoka who attended the Annual General Meeting of the British Judo Association on the 24th November may be interested to know that no less than fifteen Midland clubs were represented there—a factor which shows in no uncertain fashion the interest of Midland Judoka in the way affairs are being run. I wonder if any other areas can boast this number of clubs in attendance? Club representatives present also had an opportunity of seeing the former Chairman of the Midland Area, Mr. S. Woollam, in action, and must all be left with the feeling that the Chairmanship of the B.J.A. is in capable hands.

On the 29th November I was invited by the Dudley Judo Club to attend their Third Annual Display at the Town Hall in **Dudley**. This display was very well organised and presented and held the interest of the large audience throughout. The emphasis was on contests and there were several team and individual trophies which were hotly contested for by local clubs. Most of the contests were fast and exciting and showed that the standard of skill in the Midlands is definitely improving. Among the guest participants were G.K., Gleeson and Petherbridge—this fact in itself guaranteeing an interesting evening. The main event was a team contest between Wales and the Midlands, an item which I understand is to be an annual event. The National Coach, Geoff Gleeson (4th Dan), refereed these and other matches in his usual competent manner.

The first match was between John Thatcher (1st Dan) for the Midlands and Russ Lewis (1st Dan) for Wales. Both men started fairly cautiously and then began to open up—Thatcher attacking with Harai-goshi, Uchi-mata and De-ashi-barai, and Lewis with Seoi-nage. Neither man made much progress until about halfway through the contest when Lewis whipped in again with Seoi-nage and toppled Thatcher for a Waza-ari. Sensing that he had shaken Thatcher, Lewis burst into a series of attacks and at one stage removed Thatcher from the Shiai-jo with Seoi-nage. However, Thatcher managed to regain his composure and the contest ended with no further score. Lewis was awarded Yusei-gachi.

Harry Hobbs (1st Dan), the Midland Champion, then met Terry Edmunds (1st Dan), the National Police Champion. Both were big men. Edmunds attacked with a strong O-soto-gari and Hiza-guruma and Hobbs tried repeatedly with his Ippon-seoi-nage. However, neither succeeded and the result was a Hiki-wake. A good contest.

The last contest brought together the captains—Stan Kendrick (1st Kyu) of the Midlands and Alan Petherbridge (2nd Dan), the Welsh Coach, and fresh from the European Championships. The odds were definitely in favour of the redoubtable Petherbridge and he certainly started the contest as though he intended to terminate it in the least possible time. He had Kendrick rocking on occasions with his attacks of Ko-soto-gake and Harai-goshi, but could not topple him. After a while the pace slowed down and Kendrick began attacking with Koshi-waza but failed to budge his bigger opponent. The contest ended with no point scored and was declared a Hiki-wake.

Wales were thus the winners and deserved their victory, but it was a close thing. We look forward to seeing them again in the future.

The show ended with the *pièce de résistance* with Geoff Gleeson in cracking form against ten opponents. He had four 1st Kyus, five 1st Dans and one 2nd Dan, and he disposed of them all in nine minutes using very varied Waza—O-uchi-gari, Tai-otoshi, Uchi-mata, O-soto-gari, Tsuru-komi-ashi and Ashi-guruma. His performance showed us the type of Judo which won the European Championship and brought the evening to an impressive close.

SCOTTISH SECTION

R. E. Stanton

Not far from the banks of the River Esk at **Musselburgh** is situated a new Judo club now named the Tora Kawa. In their first week of existence, they enrolled 27 members. Andy McIntyre (1st Kyu), and that club's instructor, reports grand progress amongst the members, who should be ready for their first examination by mid-January, 1958.

Rab Smith and I visited the Judo club at **Wishaw** last month and met Pat McNulty, Eddie Tweedlie and several other committee members. Unfortunately their move to a new dojo coincided with our visit so we didn't have a practice, but they assured us there will be a call for tuition in the near future.

The European Championships, held at Rotterdam this year, ended in a splendid win for Great Britain. George Kerr (2nd Dan) returned with not only a fine cup but a very useful item in the form of a track suit, with the letters "Great Britain" emblazoned on the back.

Bert Houston (1st Dan) of the Cluarankwai, **Kilmarnock**, reports that they thoroughly enjoyed and benefited from the week's course they had recently, under the able tuition of R. L. Smith (3rd Dan). He (Smith) returned from the course very late on the Friday evening for a change of kit and clothing, etc., and flew (by plane) early the next morning to the Budokwai, **London**, for the I.T.V. show of which Scotland unfortunately saw only 15 minutes.

Rab McKinnon (2nd Dan) returned to the Tora Scotia, for a spell anyway, on the 15th of last month, but we cannot promise how long this itinerant will stay with us. Meanwhile we are glad of his assistance in Scotland.

Following a long phone call from **Swansea**, arrangements were made with Alan Petherbridge for Smith and Kerr to travel south to appear in the show to be held on Monday, 25th of last month. On that evening they demonstrated a Kata and took part in team and individual contests. Jointly they were successful in returning with a splendid cup, which was won outright, but more of that anon.

Arrangements had been going on for some time in preparation for the Tora Scotia Festival of Judo. Not unnaturally we learned with dismay that the Glasgow Rangers v. Milan football match was to be televised on the evening of the show. Like a football manager I heard of, the Tora Scotia considered applying for compensation. Although we paid all our accounts promptly, it was felt that the "gate" could have been larger. However, the show went along smoothly, congratulations were many and criticisms most favourable indeed. The stage manager, Bill Nicol, kept the players on the move and never was a hitch experienced or a minute lost between items. He certainly managed the job with the confidence of an expert.

The Shiai Trophy, introduced for team competition for Tora Scotia affiliated clubs, was won by the Yoshin Judokwai, **Gorebridge**, captained by my old friend Robert Purves (1st Dan). This trophy, fashioned in heavy mahogany in the shape of a cherry blossom leaf and superimposed by a thistle head on which are contained two Judo figures, is a prize well worth winning . . . the two chappies who designed it, Smith and Stanton, also hold that opinion.

The Koizumi Cup, presented for individual contest for those of less than one year's experience of Judo, was won by George Quedest (4th Kyu), who narrowly defeated Jack Sweeney (4th Kyu) in the finals.

The West of Scotland team were beaten by only a half point by the Tora Scotia in their challenge match. The Tora, however, did not enter anyone higher than 1st Dan. Bill Hislop (1st Dan) was the most outstanding performer in this match. (A free haircut Bill, please.)

The Smith and Kerr Cup (previously mentioned here) was presented to Richard (Solly) Scott (1st Kyu) for the best progress in Judo. Solly had been practising for only ten months.

The Mary Hare Cup went to Bill Hislop (1st Dan) in recognition of his activities in the field of Judo since the year 1946.

Chief Constable Merrylees handed over a flag that had been sent to him by a Japanese gentleman residing at Hong Kong (I didn't quite get the name here) to be presented to the Tora Scotia. George Kerr accepted the flag on behalf of the club, where it now flies.

The Chairman for the evening was Sir Andrew Murray, the Club Patron, who presented the trophies. Sir Andrew spoke of the most amazing progress the Tora Scotia has made in the past seven years and called upon those young men and boys in the audience, who were in the least bit interested in Judo, not to hesitate any further but to get along to the Tora Scotia and take up this wonderful sport. This scientific art, which one could now at last appreciate, did develop both skill and physique and enhance the co-ordination between mind and body. Students of Judo are trained to think and act quickly and to control their repressions, thus ensuring the community are provided with citizens they may be proud of.

Commentator for the evening was John Sneath (1st Dan) whose only complaint was one of feeling "rather dry" at the end of the evening. This complaint, I am happy to say, I was easily able to remedy.

My only complaint! Who has my raincoat?

I must thank those who acted as stewards, not forgetting the attractive young ladies who volunteered to sell the programmes and all those who worked to ensure the show the success it undoubtedly was. Mr. McGourtey and his resident staff were most kind and helpful and from whom we received every consideration.

George Kerr left for Japan on Christmas Eve. This will be our last chance to congratulate him on his assiduous efforts towards this goal, and its realisation. I am sure that his friends on both sides of the border wish him the best of everything in all that he has to do.

A course for 1st Dan and 1st Kyu has been organised by the Tora Scotia, who appreciate its need once again in Scotland. The efforts of its organisation are well repaid in the satisfaction of ensuring that Scottish Judoka are at least provided with the opportunity of a Dan grading examination. Teachers are Douglas Young and Robert L. Smith, both 3rd Dans of the Technical Board. Thirty-eight Judoka, including four 1st Dans and twenty-three 1st Kyus, finally enrolled for the course. They came from all over Scotland, from Northern Ireland and from S. Shields. George Kerr and Rab McKinnon, both 2nd Dans, assisted the teachers. None of the 1st Dans went up, but the following five 1st Kyus were recommended for 1st Dan: J. McWade (Osaka), W. Robertson (Osaka), W. Caddow (Koizumikwai), C. Baxter (Lothian J.C.), P. Purves (Yoshin Judokwai). Steve Kingalis, John Purves and Robert Gordon did very well, but did not quite just make it. Stick in, lads, it lies just within your grasp.

Many thanks, Doug Young, from the Scottish clubs for the short, sharp and strenuous course and grading. Anyone who was recommended most certainly deserved it and that is the way we like it here in Scotland.

A Happy New Year to all readers of this news from Scotland.

WELSH SECTION *L. Coyde*

An appropriate start to the month's news is the announcement of the winner of the Japanese Judo Outfit, given to the Welsh Area by George Chew (3rd Dan) of the London Judo Society, to be raffled in aid of the area.

The winner was Mr. R. C. Thomas, of Abercarn, who received the suit in time for Christmas. Our sincere thanks to George Chew for his generosity, and also to all the Welsh Clubs for their support. I hope that you will all benefit from this raffle in the near future.

No official news has been received to date of the results of the 1st Kyu's grading held at Swansea on September 20th last. I sincerely hope that the B.J.A. Technical Board will soon make their announcement, and that I shall be able to give details in the next issue of this magazine.

Whilst on the subject of the magazine I would like to thank the editors, and congratulate them on a successful year. We in Wales have found the magazine of great value, and a means of keeping in touch with old friends and helping us to make yet new ones.

Special mention must be made to two well-known and respected Judoka. George Blackmore, recently retired Secretary of the B.J.A., has done much to enhance Judo throughout the country. Little or nothing is known of his past efforts by the majority of Judoka, but those he has helped and advised so unstintingly appreciate his efforts, and we here in Wales would like to express our sincere thanks for all he has done for us.

We would like to welcome John Capes as the newly appointed B.J.A. Secretary. I have had the pleasure of meeting John personally and can think of no one better qualified to take over this exacting job.

I hope to have news of our numerous activities and plans in the coming months. My committee will be meeting each month, and there will be quarterly A.G.M.s, and full reports of these discussions will be printed.

Please send me your news and comments for inclusion in this column.

STOP PRESS! I have just received a very nice letter from our old friend Gwervel Richards (1st Kyu), late of the Bridgend Club. Now in Canada, this ex-Captain of the Welsh Team and Area Grading Secretary sends his best wishes to all Judoka, particularly those who knew him. He is doing well in Canada, both in his work and Judo.

Judogi - Quality Tells

The long life and quality of our outfits is now becoming so well known that the rapid increase in demand has enabled us to place larger orders for the material with a consequent reduction in price. This saving has been passed on to our customers and the price of an outfit complete with belt is now

ONLY £2 15s. 0d.

Please note the Judogi is exactly the same in every respect.

THE BRITISH JUDO ASSOCIATION

OFFICIAL NOTES

At the A.G.M. it was agreed that the B.J.A. would only accept applications for grading examinations if the individuals concerned were members of Member or Provisional Member Clubs of the Association. All future grading examinations at the Budokwai will therefore follow this ruling and the quarterly gradings in the first weeks of March, June, September and December each year will be the responsibility of the B.J.A. who have agreed to cover the cost of the use of the dojo.

On Saturday, March 1st, 1958, at 2.30 p.m., eliminating contests will be held at the Budokwai to assist the Technical Board to select representatives for the European Championships to be held in Barcelona on the 16th, 17th and 18th May. These eliminations are open to any B.J.A. Black Belt but it will not be possible for the B.J.A. to assist the participants financially in order to attend these eliminations. All details will be circulated in due course to Dan Grades and Area Committees. Entries for the eliminations should be made to Mr. G. R. Gleeson, The Budokwai, 4, Gilston Road, London, S.W.10, by individual Dan Grades who wish to take part before Saturday, February 22nd, 1958.

An invitation from the Belgian Judo Federation to participate in an International Match between the two countries in February has had to be declined because of short notice and other commitments, but the B.J.A. have offered to accept a similar invitation later in the year.

The Committee of the B.J.A. has for some time considered that the independent body known as "The British Register of Black Belts" was not fulfilling its function and therefore have approached the officers of the Register in order to determine what action should be taken regarding membership. It was discovered that of the two officers one resigned several months ago and the other has been unable to act alone. The B.J.A. Committee have therefore on behalf of these officers agreed to organise a meeting of all B.J.A. Black Belts in order to discuss the organisation, purpose and function of the Register.

This meeting will be held at the Budokwai on Saturday, March 1st, 1958, at 8.0 p.m., when it is hoped that members of the Register, potential members and other B.J.A. Black Belts will attend. Full details will be circulated by post to the latest known address of each recognised Black Belt. If, however, any Dan grade does not receive notification, would they please accept this invitation to attend since it is apparent that the address list of the Register of Black Belts is not completely up to date.

Many enquiries are being received for the Judo Summer Courses and some definite bookings have been made, but please note that despite rumours to the contrary there are vacancies on all courses at the time of writing. The courses at Hull University are breaking new ground and will, we are sure, be as successful as the Scarborough College courses last summer. All the students will be accommodated in single rooms with extremely comfortable beds. This will be an improvement on the dormitory accommodation found at Scarborough last year when the beds could be likened to traditional tatami.

Winner of The 1957 Contest, D. Young receives The Goldberg-Vass Memorial Trophy. Details of this years National Judo Tournament are given on page 4.

West Ham Baths Display

In the words of Mr. P. Sekine, who did much to organise this show, "Did you buy a ticket, or did your club buy tickets?" It would appear from the very poor attendance that Judoka generally were not prepared to support the recent victorious British team at their first public appearance since winning the Team Championship of Europe.

So often one hears complaints that Judo shows are not as popular with the general public due, no doubt, to lack of understanding of the sport, but this show was advertised as being mainly composed of contests, and one would have thought that Judoka would have flocked to see it.

Those enthusiasts who did turn up greatly enjoyed the fine series of contests which took place during the evening as well as the various Kata.

The show opened in the normal manner by an exhibition of Randori, followed by breakfalls, and the scoring of points, which was explained by the commentator, F. Pearson.

The first contest was Great Britain versus the Provinces; the Provincial team consisted of R. Smith (3rd Dan), Scotland; H. Hobbs (1st Dan), Midlands; R. Lewis (1st Dan), Wales; J. Loney (1st Dan), Southern Area; P. Connor (1st Dan), North West Area.

This was an exciting contest, the British team being in great form, although one of the team had only recently recovered from influenza, and two others were not up to their usual standard of fitness due to minor ailments.

Left: D. Meadowcraft and H. Wood during their demonstration of KIME-NO-KATA
Right: A deciding point in one of the Team Contest events.

A. Petherbridge quickly disposed of his opponent, P. Connor, with a beautiful Harai-goshi, as also did D. Young against J. Loney. J. New-

man met R. Lewis and, after a little tentative skirmishing, scored with O-soto-gaeshi. C. Palmer met H. Hobbs, who is of rather similar build, and this made the contest most interesting, Hobbs proving difficult to move. This did not, however, unduly worry Palmer, and he won the contest with Tsuru-komi-ashi. R. Smith, the captain of the Provincial team, attacked G. Gleeson continuously throughout their contest. He lost a half point when Gleeson crashed in for his Tai-otoshi, and had another waza-ari awarded against him for O-uchi-gari. Thus ended the first contest with the British team putting up the sort of display expected of them.

Nage-no-kata was the next item, which was demonstrated by G. Gleeson and J. Cornish (1st Dan), a fine exhibition which was greatly appreciated by the Judoka present.

The first round of the East London Contest was next on the programme. The clubs participating were as follows:—

Hornchurch Judo Club.	East London Judo Club.
South East Essex Judo Club.	Bethnal Green Judo Club.
South West Essex Judo Club.	Browning Judo Club.

Hornchurch beat S.E. Essex, East London beat S.W. Essex. This completed the first round, the contests being exceptionally good for an inter-club event.

Following the interval, and a display by the Juniors of the Croydon and District Judo Society, D. Meadowcroft (1st Kyu) and H. Wood (1st Kyu) gave an exhibition of Kime-no-kata. These two Judoka were first seen at a major display at the Area Championships held at Brighton last year, and their evening's performance was, if anything, better than on the first occasion. It was a fine example of hard work and practice which could well be copied.

The second round of the East London Contest saw Bethnal Green versus Browning, and Hornchurch versus East London. Bethnal Green won in fine style by two points. East London defeated Hornchurch by a similar margin, and the final contest, which was held later in the programme, was between Bethnal Green and East London.

Item 10 on the programme had been eagerly awaited by all present. D. Bloss, our latest Kodokan-trained 4th Dan, made his first appearance at a major show since his return to this country. He demonstrated Katame-no-kata with T. Flindall (1st Dan), the practice and demonstration of kata being one of Dennis's most accomplished achievements, and the audience had a first-class opportunity of seeing a beautifully performed series of movements.

The final of the East London Contest provided a considerable amount of excitement. After the finish of the third contest no points had been scored, and the referee decided that one man from each team should be chosen to fight the deciding contest. McNaughton (1st Kyu) represented Bethnal Green, and Young (1st Kyu) represented East London. McNaughton is fairly light and not above 5 ft. 8 in., and his opponent towered over him and it seemed as they came together that Young

would speedily dispose of his smaller opponent. However, much to everyone's surprise, just as they took hold, McNaughton whipped round for Seoi-nage, and Young hurtled over his back to crash on to the mat, giving McNaughton a well-deserved win, which made Bethnal Green the winners.

The last item on the programme was a contest between Great Britain and a representative London team, consisting of:—

D. Barnard (2nd Dan).
R. Whitford (2nd Dan).
J. Maynard (1st Dan).
P. Walker (1st Dan).
J. Cornish (1st Dan).

Left: G. Gleeson during the Britain V London Contest.
Right: An action shot during the show.

Petherbridge, after an exciting contest and very strenuous attacks against J. Maynard, only succeeded in drawing. Young, however, speedily disposed of J. Cornish with a beautiful Harai-goshi, and Palmer caught P. Walker with Ko-soto-gari, to put the British team two contests ahead. J. Newman was most unfortunate in his contest with D. Barnard, losing to a very determined attacker who, after scoring waza-ari, pressed home his advantage and won the contest with a very fast Ko-soto-gari. R. Whitford, captain of the London team, gave G. Gleeson a most difficult contest. Gleeson made many unsuccessful attempts to throw Whitford, but could not quite score a clean point. He was, however, awarded a superiority decision by the referee, so the British team concluded their first public appearance since the European Championships in fine style.

This display was specifically held so that the Judoka of the country could see and appreciate the men who had brought back the Team Championship Trophy, the Individual First Dan Trophy, and were runners-up in the Second Dan Category in Europe, and it is to be regretted that such a fine evening's entertainment was so sparsely attended.

Name : DONALD GEORGE SYDNEY BURR.

Born : 1926.

Business or Profession : Draughtsman.

Age when started Judo : 19; at the Budokwai
1st and 2nd Dan at the Budokwai.
Member of the British Team, 1952 and 1953.
Instructor to the Borough Polytechnic.
Held the first Combined Course in the
Western Area.
Studied under T. P. Leggett (6th Dan) and
T. Kawamura (6th Dan).

Hobbies : Ornithology

Club Forum

LONDON

LONDON JUDO SOCIETY—from "Kyu":—The December grading was a crowded affair, some 110 members of the L.J.S. and the associated clubs attending. Charles Palmer and George Chew recommended Gilbert for 1st Dan, the third successive grading at which a member has been promoted to Dan grade. The next grading will be held, of course, in February, once more under the Technical Board. The lower Kyu men were graded by John Chaplin and Eric Dominy.

Talking of Eric Dominy reminds me that hearing an uproar in the office the other day I rushed in to find Eric and George Chew helpless with laughter. On my enquiries they were only able to point to the November copy of "Judo," where I read the comment that all the "Personalities of the Month" were thought to be in the higher income group. Knowing Civil Service and Police pay, readers may rest assured that George and Eric are by no means as wealthy as readers appear to suspect.

Amongst the new Judo books published recently was a companion book to Dominy's "Judo" in the Teach Yourself Series—this is "Self-defence." An additional new book is the same author's "Judo—Basic Principles," which he considers his best. Both are well illustrated by Peter Johnson. Next year Dominy will be publishing "Judo—from Beginner to Black Belt," based on the British Judo Association Grading Syllabus, and Chew will see his "Judo for Boys" in print.

I asked Eric why he writes these books. "For money?" I question. "Partly, of course," he told me, "but don't forget that books are fine publicity for Judo, even though the critics do not always review them very well. My 'Judo' in the Teach Yourself Series brings in some 20 enquiries a week for the nearest club, even after three years. My record number of enquiries is 121 in a week. All these letters are answered, although I often have to tell enquirers that there is no club in their locality as a result of lack of information. I'm sure I have brought clubs many new members."

The B.J.A. annual general meeting resulted in a committee with only two Budokwai members for the first time. I feel that this occasion should not be allowed to pass without a word of thanks to the Budokwai who introduced Judo not only to Britain but to Europe. For thirty years the Budokwai were British Judo and now, as they celebrate their 40th birthday, they hand over the reigns to representatives of the British clubs they did so much to foster.

At the time of writing I still don't know whether Dennis Bloss will join the club as chief instructor. He has come along once or twice and practised and lectured, and all the members are waiting to welcome him.

Don't forget the Festival of Judo at the Royal Albert Hall on 29th March. Clubs and their members receive substantial reductions in price, but it is impossible to notify anything like all clubs as their addresses are not known. Club reductions cannot be allowed by the Royal Albert Hall.

Club Black Belts have visited St. Albans Judo Club, Bradford Judo Club, where Eric Dominy attended the annual dinner, the new Boston Judo Club and Spalding Judo Club. Brian Abbott paid his first visit as a Black Belt to Bedford Judo Club. In return we welcomed a 3rd Dan from the United States and Ichiro Hata (7th Dan) from Tokyo.

READING

READING JUDO CLUB.—On November 22nd last, the seventh anniversary of the club, Mr. G. Gleeson agreed to come along and give a talk on Judo to members and also to make two presentations.

The photograph shows Mr. Gleeson with Ray Langham, who has just been presented with the John Vaux Shield, annually awarded to the club's most outstanding member of the year. In the centre is Edward Hayward, aged 14, who as the best pupil in our Junior Section was presented with a book on Judo.

Additional club news is that we are now sending instructors to Reading University, to assist an enthusiastic group of students who intend to start a University Judo Club. It is hoped that this club will be launched early this year.

GLASGOW

KOIZUMIKWAI.—The past year, all in all, has been a good one for the club, our membership is still growing and with four 1st Dans we face the future with confidence. Our only bad luck is that Tam McDermott has left us, although he frequently pays us visits, to form his own club in Gateshead, the Kawamurakwai. One of the highlights of last year was the visit we paid to Tam's club in October.

We concluded last year's business with our meeting on December 15th, and the resolutions we made for this year, if fulfilled, should see us in an even better position at the end of 1958. One suggestion that we are pursuing at the moment is to install sun lamps and massage equipment, especially as we are fortunate in having a masseur as a practising member.

As always, we extend a welcome to clubs in the area to visit us and of course any individual members. Tora Scotia practically have the key to the place, and we would like to send them our best wishes and hope that our inter-club visits will flourish in the future as they have done in the past.

Our very best wishes to all for a Happy and Prosperous New Year.

BRADFORD

BRADFORD Y.M.C.A. JUDO CLUB. *A. Fisher, Secretary, writes* :—Since I last wrote in these columns much has happened at **Bradford**. The highest grades in the club put on a very creditable display at the Thornton Grammar School Festival, an event organised by the parents, which was very much appreciated.

On the same day as the display we held our Judo Club Dance, which was financially very successful. Our Judoka, however, are better performers on the mat than they are on the dance floor, but they tried their best.

Mr. E. Dominy (2nd Dan) visited us during December for a grading and instruction course, grading the ladies on Friday, December 13th, and the men on Saturday, December 14th. Instruction was given on the Saturday morning, as well as after the grading in the afternoon.

Congratulations must be extended to two of our ladies, Miss P. Richards and Miss J. Wright, who were both upgraded to 3rd Kyu, and of course to the other ladies who also gained further grades.

Many members in the N. Eastern Area will be pleased to hear that T. Ramsden obtained his 1st Kyu, an excellent effort on his part. We now have four 1st Kyus in the club and hope to increase this number rapidly. Also grading at Bradford were members from Huddersfield and Spen Valley Judo Clubs; they certainly are very good Judoka, putting up an excellent performance during the afternoon.

Mr. L. Penistone, secretary of the **Huddersfield Club**, had a very successful day, gaining his 2nd Kyu at the grading and then joining us at our annual dinner which was held the same evening. Mr. Dominy was the guest of honour, and during his speech he gave us much good advice, remarking that our groundwork was rather weak and that the ladies did a little better than the men in their application of the Judo principles. However, he ended on a bright note, complimenting us on our progress since we first started.

Our beginners' classes at the present moment are full and we are in the happy position of having a waiting list for both the ladies' and men's sections. Judo certainly is improving in the Bradford area of late.

This year we are the hosts for the North Eastern Area Knock-out Cup Competition, which takes place on February 22nd, and we are looking forward to welcoming a record crowd.

ASHFORD

ASHFORD TECHNICAL STUDENTS' JUDO CLUB.—Recently formed, the club is looking for the services of an Instructor, preferably 1st Kyu or above. There are approximately 50 members, all of whom are very low grade, or ungraded. The dojo is situated in a well-equipped gymnasium, and is available two or three evenings a week for practice. Any Judoka in the area who feels he might like to go along and see them should get in touch with A. Drion, "Cambrier," Tudor Road, **Ashford, Kent**.

JUDO AT SEA

H.M.S. OCEAN. *P.O. J. Cook, R.N., writes* :—It is with mixed feelings that I forward this report to you. The first feeling being that of sorrow, the other that of gladness. This to the landlubber will be difficult to understand, but to any seafarer understandable. It is so often the case when a ship completes a commission. That is exactly what is happening to H.M.S. OCEAN.

Quite naturally it is a sad occasion when one's home is to be broken up, as is the case with "Ocean," but more so when one realises that one's friends are also to be sent to the far corners of the Empire. But the happier aspect is that when your friends depart, they will be spreading the gospel of the sport we all love, that of Judo.

We have certainly had our ups and downs, but no one can deny that the final result has been ample reward.

Before I go any further I must make clear that Ocean as a club will not die. Quite the opposite, for now we are to transfer the club to a shore establishment, where the need for Judo as a sport is in great demand. The address of our new headquarters will be: H.M.S. RALEIGH, TORPOINT, CORNWALL. There is a great deal of work to do yet before we will be able to have our opening night, but I am hoping to open early in the new year. We are to keep our same name, that of Ocean J.C., and we are sure that with the added facilities that we are able to use, the outcome will be a bigger Dojo plus a large membership.

Since last reporting, Ocean J.C. has had a hard but enjoyable time. I must thank those clubs sending in advice and invitations to visit them, we are always grateful for any of these letters.

However, with the Grading Examination hanging over us, we have spent most of our spare time on our mats in preparation. The grading took place at the K. and M. J.C., LIVERPOOL, with Mr. Kearsley (1st Dan) examining. We were very surprised and pleased with the result, six members gaining the 5th Kyu and two members the 3rd Kyu. Needless to say our memories of Liverpool are those spent with members of the K. and M. Judo Club.

I would like to thank this fine club for a grand show which they displayed for Ocean's entertainment during our all too brief visit. When I say that nearly twenty members took part, you can imagine the show put on. Thank you, too, Mr. Moran (1st Dan), for showing us how little we know of the sport, it was grand to see a perfectionist at his best.

I am now swamped under with paper work, such is the lot of a secretary, but once I have completed the task of preparing the transfer, I will let you know how the new headquarters suit us.

In closing may I on behalf of our club send to A.G.M. our heartfelt thanks for the hard work he put in for our benefit.

And to all JUDOKAS, wherever they are, a HAPPY NEW YEAR full of HAPPY UKEMIS.

H.M. FORCES IN GERMANY

Members of H.M. Forces in Germany may be interested to know that there is a Judo club in British Army District B.F.P.O.15. The instructor is J. Roberts-James, who may be contacted at Alamein Band, 3rd Royal Tank Regiment, B.F.P.O.15. The club is open most nights of the week.

REPORT OF THE AUDITOR TO THE MEMBERS OF THE BRITISH JUDO ASSOCIATION.

I have obtained all the information and explanations which to the best of my knowledge and belief were necessary for the purpose of my audit. In my opinion proper books of account have been kept by the Association so far as appears from my examination of those books. I have examined the above Balance Sheet and the annexed Income and Expenditure Account which are in agreement with the books of Account. In my opinion and to the best of my information and according to the explanations given to me the said Balance Sheet gives a true and fair view of the state of the Association's affairs as at 31st August, 1957, and the Income and Expenditure Account gives a true and fair view of the surplus for the year ended on that date.

14 QUEEN STREET,
LONDON, E.C.4,
31st October, 1957.

(Signed) STANLEY F. SMITH, F.A.I.A.,

Accountant and Auditor.

(Above Statement of Accounts condensed for reproduction purposes only.—Ed.)

CORRESPONDENCE

The Editor invites letters on any topic whatsoever for publication. Anonymous communications cannot be printed; but, if requested, names and addresses will not be disclosed.

Further to correspondence letter of Pat Butler, Hon. Gen. Secretary of the A.J.A., I would like to thank him for being so kind as to offer his comments on my article that appeared in a previous issue. What a pity no comment came from any B.J.A. members. I would, however, like to clear up one or two points in Mr. Butler's article. Mr. Butler states that A.J.A. 1st Dans grade up to 1st Kyu. Well! That also happens in the B.J.A. The point I had in mind when I wrote my article was the question of 1st Kyu to 1st Dan; the long delay before participants know if they have been up-graded or not.

To date, my area are still awaiting news of a grading held in September last year—two months and still no news. That is the point I had in mind; I am not criticising the powers that be, I am asking why we have to wait. There may be a good reason for it, but I feel we are entitled to know what the reasons are, if any. If there aren't any sound reasons for this delay I would like the B.J.A. to reconsider this very important item. There are fifteen 1st Kyus in Wales still uncertain of their fate for their efforts at Swansea on September 20th, 1957.

Regarding your comment on Kenshiro Abbe (7th Dan). I sincerely apologise for having unwittingly up-graded the honourable gentleman—no harm done I'm sure. I took this grade from a reputable magazine that had written an article on a competition at which Kenshiro Abbe was in charge.

Regarding R. Hamilton's comments: I detect a little ill-feeling here. May I be allowed to answer one or two points in your letter? Firstly, the wearing of Black Belts given, no doubt, with the best intention. You should try to remember that our chaps have chosen the B.J.A. to belong to, accordingly they must abide by the B.J.A. rules, i.e., 1st Kyu wears a Brown Belt.

Our Dan grades do not go about awarding 1st Dans to A.J.A. members and we, in turn, not wishing to offend either the A.J.A. or the B.J.A., have to play the game and accept the rules of

our own organisation. It's as simple as that.

We do not try to belittle your Dan grades or your standard of obtaining same, but do please allow us to set our own standard and feel proud of our own Dan grades.

Mr. Hamilton goes on to criticise our high standard and makes accusations against our amateur status. Have no fear, dear sir, we like it that way and our Dan grades are not afraid of too much competition, in fact they like it, they are sorely over-worked and over-travelled at the moment. They are not professional or semi-professional, they merely ask, and are gladly given, remuneration for travel, meals, accommodation and loss of earnings. Not too much to ask for giving up your spare time for the benefit of others?

Finally, Mr. Hamilton, we here in Wales have been fortunate enough to have met some really good types in the A.J.A. clubs. We like them and together we may one day narrow the gap that exists between the two organisations. Please don't throw too many spanners in the works and please do allow us in the B.J.A. to make up our own minds who are fit enough to wear the coveted Black Belt. As you say in your article, the B.J.A. was first in the field in this country, do let us run our course our way. Good luck to you and your friends.

LESLIE COYDE,

Hon. Sec., B.J.A. Welsh Area.

Dear Sir,

We have today written the following letter to the B.J.A. Technical Board.

For the attention of the Technical Board

"We have recently received from you a circular letter explaining the new procedure for the grading of Juniors.

"Whilst we have been agitating for some time past for a special system of grading these Juniors, we are deeply concerned at some of the new arrangements which you have instituted as and

from the 1st January, 1958, as some of these have spread dismay amongst our youngsters. We refer particularly to the clause which states that as and from the 1st January, 1958, all previous grades are cancelled. We have many Juniors (both boys and girls) who have now obtained Green Belts after many years of hard work and toil, and we could not under any circumstances agree to them having their past agree to these Juniors having their past victories dashed to the ground in this manner. They are not even permitted to assume a 'Mon' grade equivalent to the grade they already hold.

"Under the circumstances we presume that it is your intention to return to these Juniors all grading fees which they have paid out during their Judo career—which in our club will be five or six years in some cases. Please confirm.

"This club is of the opinion that such a momentous decision should not now be put into operation; and if it is now considered the old syllabus is completely unsatisfactory, we think it somewhat strange that the previous adult system should have been carried out for such a long time by qualified Dan grade Japanese trained Judo instructors, whom one would have thought would have done something about it long before this if it was considered so unsuitable, before the Juniors had arrived at such an advanced stage. We would remind you that they did not elect to be graded similar to adults in the first instance.

"Whilst not questioning the Technical Board, we think that such a negative decision must of necessity be a grave discouragement to these Juniors and should have been put before a general meeting of the British Judo Association. The effect upon our present youngsters of your new grading system is completely in reverse to the sentiments you have hitherto expressed as regards encouragement to youth who are our future Dans. We agree the new system does not affect newcomers.

"Please do not think our criticism is destructive, entirely the opposite, as we heartily agree that a separate syllabus should be in operation for the Juniors. It is only the details with which we disagree, and would be more than pleased to suggest an alternative system in a spirit of co-operation. For instance,

the 'Mons' system be used with these modifications. Juniors should have coloured belts as follows: Red belt novices; half-White half-Red, 1st Mons; half-White half-Yellow, 2nd Mons; half-White half-Orange, 3rd Mons; half-White half-Green, 4th Mons; half-White half-Blue, 5th Mons; half-White half-Brown, 6th Mons. All Juniors holding extensive grades should automatically be awarded the equivalent grade, e.g., a Junior who is at present a 4th Kyu becomes 3rd Mons and wears a half-White half-Orange belt.

"Further a Junior may at any time request a grading as a Senior. At the age of sixteen a Junior can no longer enter for Junior Gradings nor be allowed to wear a Junior coloured belt. No Junior can assume any Senior grade unless by a regrading. A Junior's record of gradings be permanently kept by the Registrar of the Association for future references even when the Junior becomes a Senior."

It would be appreciated if all other clubs who feel the same way as we do would be good enough to write to me in order that a strong protest may be forwarded to the Technical Board.

G. EDWARDS, Secretary,
Croydon District Judo Society,
91 Wellesley Road, Croydon.

Dear Sir,

Reference Mr. Wainwright's letter in the last issue of "Judo," may I wholeheartedly endorse his comments.

Our club is a member of the B.J.A., but the mats are open to any Judoka who wishes to practise.

We have visited the Eastborough Judo Club on two occasions and each time both Mr. Wainwright and his club members have made us most welcome.

I am sure that there must be other B.J.A. clubs up and down the country who visit A.J.A. clubs and vice versa. We find that the average Judoka is not interested in the "politics" of Judo but more interested in getting a good practice. After all, belts are gained on the mat not round a conference table.

E. V. CREBBIN,
Mersey Judo Club.

(Further correspondence at the foot of next page)

Whispers in the Wind

What a bombshell the B.J.A. have dropped amongst the Juniors! After years of hard work and sweat their grade is now precisely nil; and it would seem that G.K. left his baby too soon. What price encouragement? Mark my words, there is going to be trouble over this—although I would be the first to agree that some kind of special syllabus is desirable for the Juniors.

I am sorry to hear complaints that it is now no longer easy to pick up the 'phone and speak to the B.J.A. Secretary. My sympathies go out to John Capes, for how can a chap who lives (and presumably works) in Brighton be in London every day?

I understand that the Register of Black Belts (which I thought was defunct) is to take on a new lease of life under the B.J.A. I am also informed—and I hope it is true—that every British Black Belt recognised by the Kodokan will be included automatically without having to join the Register specially on a fee-paying basis. This should have been done long ago.

It was with some amusement that I discovered a certain manufacturer has circulated a list of practically all Judo clubs in the country. After all the agitation for such lists and no results from any authority, it is left to a trader to jump in smartly and do the necessary. I guessed it would be finally left to private enterprise, and am only sorry it was not this magazine.

Rumour has it that Alfred Grabher has got married since arriving in Canada. The Canadian girls must have got something ours haven't!

Veritas

Dear Sir,

A little over a year ago you published a magazine under the name of "Judo." Since its first issue, it has grown beyond anything expected.

Although I have no grade up to the time of writing, I eagerly look forward to each issue of "Judo" for its fine articles, and such masters as Mr. Gunji Koizumi, E. J. Harrison, and others, help to make it a literary treasure. What travel-minded person could fail to be interested by the article on "Treasure Hunting," or, anatomically-minded, he reads the "Gnothi Seauton" (Know Thyself) series?

Because of infrequent practice I can offer little advice or help, but I might

(The Editor does not accept responsibility for views expressed by correspondents, and does not necessarily agree with statements.)

ask if there are any other deaf Judoka practising? If so, could you put them in touch with me. I omitted to mention myself as being deaf, but have found it rather a handicap for Judo, as I am a poor lip-reader. One Judoka, who proved himself a first-class friend, learned the deaf sign language, and it helped me a great deal.

Thanks, anyhow, for a fine magazine, and I wish you all a happy new year, and may you have many happy hours of Judo in 1958.

DAVID BURLEY.

(Any correspondence from deaf Judoka would be forwarded on with pleasure—Ed.).

THE GENTLE ART OF Judo

JOHN G. BARNES

This informative article by an expert may come as a surprise to those readers who have always considered Judo a rough-and-tumble sport.

POISED above the serene and placid shores of Lake Geneva, the picturesque city of Lausanne was the scene of unusual excitement in the summer days of 1928. The main topic of conversation among sports-loving Swiss was the forthcoming International Contest between two champions of Judo—a 30-year-old Japanese and a 52-year-old Swiss.

It happened that I was studying in Lausanne at the time and, being a boxing enthusiast, I bought a ticket with some reservation. Speculation ran high over the disparity of the age of the contestants, and the daily papers contained colourful reports on their training and chances. Then came the night of the contest—and what a contest it was, packed with thrills and lightning action! A devastating armlock finally brought a decisive and well-won victory to the elderly Swiss champion. This was my first encounter with Judo, and the start of an interest in it which has lasted up to the present day.

What is JUDO? There must still be many millions of people throughout the world who have heard of the art or read of it without ever having seen it, and without having met anybody who has practised it. The older form, Jujutsu, is probably more familiar than Judo. Nevertheless, a brief explanation of their meaning and difference may help to dispel a lot of the mystery.

Long before Judo came into being, its predecessor and antecedent Jujutsu was the recognised method of fighting without weapons, widely taught and used in Japanese feudal days. It was, in fact, as important a requisite for military training as fencing, archery and the use of spears. On occasions, it embraced the use of daggers, swords and various other weapons with which an unarmed man might be attacked. But Jujutsu was not wholly defensive. It also employed various kinds of attacks, chiefly those of

THE AUTHOR *

* JOHN G. BARNES attended Windlesham House Private School and Bradfield College in England and then studied languages and music in Lausanne and banking at Columbia University, New York. Becoming interested in Judo in 1936, he won his Black Belt two years later and is now Holder of 2nd Dan Black Belt. Always active in Judo organizations, he is Vice-President of the European Judo Union at the present time. A night fighter pilot during the Battle of Britain, he was demobilized in 1946 with the rank of Wing Commander.

The author, wearing the Black Belt (2nd Dan) supervises two lady members of London's Glyn Mills Club as they practise in the Club's headquarters on Lombard Street. The Club, formed just a year ago, appointed Mr. Barnes as adviser and instructor.

throwing, hitting, strangling, holding the opponent down, and bending or twisting joints, arms or legs to cause him pain or fracture. In this way, he could be incapacitated within a matter of seconds. In the case of throwing, hitting and strangling, he could easily be killed.

The systematic instruction of Jujutsu dates back little more than 350 years, but the number of schools in different parts of Japan gradually increased. Many of their methods were, in the light of modern techniques, crude and violent, but they underwent changes and improvements as time went on.

A story is told of a Japanese Jujutsu master some three hundred years ago, who retired to a temple in the country to meditate. He was not satisfied with the "five score tricks" he had been teaching, and he sought further inspiration. One day, as he gazed from a window across the wintry landscape during a heavy snowstorm, he noticed that the branches of a willow tree, instead of resisting the ever-increasing weight of snow, yielded, and gently threw it to the ground, whilst many stronger, less pliable trees, were split or broken under the stress of the snowfall. At the end of a hundred days, we are told, he returned to apply in his teachings the principle of non-resistance he had learned from the willow tree.

Practising the important body drop (Tai Otoshi)

Jujutsu schools remained scattered throughout Japan until the latter part of the last century. In 1882, a young student by the name of Jigoro Kano, dissatisfied with the nature of the techniques taught at this time, decided, after studying under many eminent masters, to formulate his own system which he called Judo. His system included the improvement of some of the old techniques, the elimination of those that were dangerous or lethal, and the creation of many new and better ones. He also started a school of his own and called it Kodokan. Kodokan literally means "a school for studying the way"—"the way" being the concept of life itself.

The word JUDO he chose from two Japanese words—JU meaning "gentle," and DO meaning "way" or "art." Hence the Gentle Art. His system, therefore, was delightfully simple in principle—the use of an opponent's strength and weight and movement against himself, by yielding! But not so simple for the unskilled to put into practice.

Dr. Kano (as he later became) gave a graphic example of how an opponent could be defeated by "giving way." To use his own words:—

"Suppose that you are walking along a mountain road at the side of a precipice, and that an opponent suddenly springs upon you and tries to push you over the edge. You cannot help being pushed over it if you attempt to resist him. On the other hand, if you give way to him as he goes to push you, turning your body round and pulling him towards the precipice, you can easily throw him over the edge and, at the same time, throw your own body safely to the ground."

A cross section of the tremendous crowd present at the first World Championship Judo matches held in Tokyo last year and which the author attended as a representative of the European Judo Union Executive Committee.

The way of gaining victory over an opponent, however, is not confined to the method of "giving way." The art of throwing (Nage-waza) and the art of strangulation (Shime-waza), frequently used, are—in contradistinction to "giving way"—examples of direct attack. If the principle of giving way, therefore, does not cover all the exigencies of a Judo contest, you may well ask if there is any principle that covers the whole field. There is, and it is summed up in the phrase frequently used in Judo parlance, "Maximum

THE GENTLE ART OF JUDO (Continued from page 35)

efficiency—Minimum effort." This simply means a high degree of co-ordination of mind and body and the preservation of energy.

In Judo, one develops a "sixth sense" when one knows what an opponent is going to do before he does it! This is perfectly true when an opponent has gained a sufficiently high degree of skill and proficiency. Sensing his opponent's reactions, he is able to use them to advantage, placing himself in a position to unbalance and throw him, at the same time maintaining his own balance. But it is the co-ordination of mind and body that enables the expert to anticipate accurately what his opponent is going to do one jump ahead of him. With a sound Judo training, this "sixth sense" becomes as automatic as driving a car. Both demand concentration and skill. The training for Judo, however, takes longer, but the results are rewarding.

(To be continued)

Will all readers please note that our ONLY addresses are

91, WELLESLEY ROAD, CROYDON

and 1, WESTMINSTER PALACE GARDENS, ARTILLERY ROW, LONDON, S.W.1

BINDERS

We are now able to offer Binders for holding a complete volume of JUDO (12 issues). They are bound in best quality leathercloth with the title JUDO on the spine in gold.

- Specially designed for filing consecutive issues, giving the appearance of a permanent binding.
- Extremely simple to add or remove single copies.
- For appearance and economy in shelf space the binders have flexible spines. Simply by tightening the straps inside the binders, the back and front boards will lie parallel even when there is only a single magazine.
- Opens absolutely flat so that everything can be read with great ease.

Price 12s. 6d. each

plus 11d. for packing and postage.

If you would like the first twelve issues of JUDO in a handsome permanent binding with stiff sides fully covered in cloth and lettered JUDO in gold, the price is £2 5s. 0d. plus 1s. 6d. for packing and postage.

WHAT A FINE GIFT THIS WOULD MAKE!

INSURANCE

To JUDO LTD., 91 Wellesley Road, CROYDON

Name in full..... (Mr., Mrs. or Miss)

Age..... Occupation.....

Address

Name and Address of Club.....

I wish to insure against the risk of injury whilst practising Judo. I am in good health and free from physical defects or infections and I agree that this declaration shall be the basis of the contract and I will accept the policy subject to its normal conditions.

Date..... Signature.....

I enclose remittance value being the premium for

..... units for the ensuing twelve months.

(In the case of scheme (b) only the club name and address need be filled up provided all members are participating, and only the Secretary need sign. State number of members.)

INSURANCE

We are pleased to announce that our insurance scheme has been specially devised for the benefit of Judoka, and is therefore thoroughly recommended.

The rates are reasonable, and cover is extended to those in this country practising Judo anywhere in the world, but please note it does not include the travelling to and fro. In addition, proposals will be considered from anyone abroad who wishes to participate, but special application must be made.

The scheme can be operated in two ways:—

- Personal Accident.** An individual policy made out in the name of the insured.
- Group Accident.** One policy in the name of the Club; and to qualify at least four members per club are required. Should all members wish to enter it is not necessary to specify names—just the number and amount of premiums. If only a proportion of the members are interested just state names and addresses.

Please indicate whether you require (a) or (b).

The new benefits briefly are:—

- | | |
|---|-------------|
| 1. Death by accident | £1,000 |
| 2. Loss of two limbs or the sight of two eyes or of one limb and the sight of one eye by accident | £1,000 |
| 3. Loss of one limb or the sight of one eye by accident | £500 |
| 4. Weekly compensation following disablement by accident (excluding a franchise on the first seven days) for 100 consecutive weeks for any single disablement | £5 per week |

(Disablement means inability to follow normal occupation)

PREMIUM 15s. PER ANNUM PER MEMBER

These benefits may be halved or doubled at a pro rata rate of premium. Fill up the form on opposite page and post to us together with the amount of calculated premiums. You are covered immediately you receive back the receipt for the premiums.

In addition to the above we are now able to undertake the insurance of club property and third party risks. In fact any problem in connection with yourself or your club can be considered, so let us have your queries.
